

DECLARATION OF COMPLIANCE

Regulation (EC) No. 1935/2004: For materials and articles intended to come into contact with foodstuffs

Date of Issuance: August 22, 2016

Product Name: 558CH

Intertek has conducted the regulatory evaluation and completed the required studies according to Regulation (EC) No 1935/2004, EU 10/2011, BfR recommendation XXI Category 1, and French Order of 9 November 1994 on the Minnesota Rubber & Plastics Product, 558CH.

This product is manufactured according to EC 2023/2006.

The migration testing was completed at 40°C for 10 days using 10% ethanol and 3% acetic acid.

Based on information supplied by Minnesota Rubber & Plastics and the test results completed by Intertek, it has been concluded that 558CH is in compliance for repeat use with aqueous and acidic foods with EU 10/2011, BfR recommendation XXI Category 1, and French Order of 9 November 1994 relating to materials and objects in rubber intended to be in contact with foodstuffs.

Therefore, the finished material identified in this Declaration complies with the requirements of the Framework Regulation (EC) No. 1935/2004.
